Cave Conservation Pledge

You are about to enter the unique domain of the subterranean world. You will witness nature's artwork at it's finest. In order to protect this fragile environment, everyone needs to do their part to preserve these visual treasures for future generations to enjoy.

The delicate passageways you are about to traverse are a part of nature that has been in the making for millions of years. They are subject to the impact of our visitation and cannot be repaired once damaged. Amongst cavers there is a commonly held ethic regarding the conservation of the underworld. By entering the cave today you are joining a very small community of mankind who have the curiosity and courage to explore the wondrous subterranean beauty of our planet.

Human nature has demonstrated a tendency to destroy all we touch. So let us not touch what we see today. Please respect the experience that your guide has in negotiating the passageways. Preserve this natural wonder for other humans to experience. Make a pledge to not perpetuate the legacy of selfish destruction that tarnishes our history.

***Take nothing but pictures.
Leave nothing but footprints.
Kill nothing but time.***

I _____ will make every possible effort to minimize the impact of my journey through this irreparable hidden world. I am aware that federal law protects cave formations.

Thank you for helping us to preserve this beautiful natural wonder.
