Dear Glenwood Caverns,  
Thankyou so much for  
the amazing tours! Our  
class had so much fun.  
We learned so much  
about the rock formations  
in the caves.

The caves are so  
cool! My favorite  
ride was the  
swing, you should  
try it!

I  
the  
I can't wait  
to go on a  
wild tour!  
Thanks you!

cool.  
was  
ld

### SPECIAL SCHOOL RATE

**Day Pass just \$29 and  
\$25 for pre-summer arrivals!**

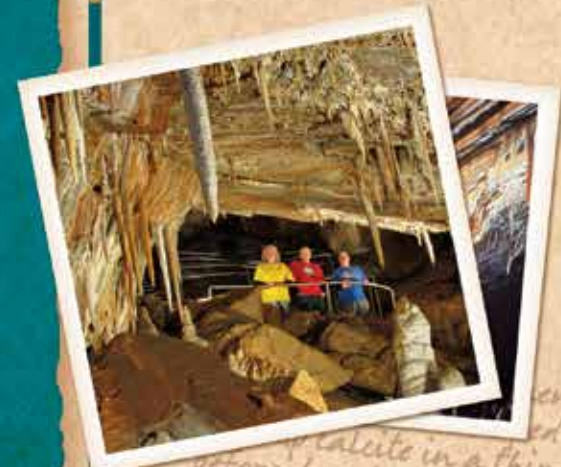

Combine with a cave tour for \$30  
or \$26 for pre-summer arrivals.

SCHOOL PROGRAMS

**ADVENTURES  
IN  
Learning**

Glenwood Caverns

**ADVENTURE  
PARK**

on the w  
ed ceiling  
before dropping to the floor.  
As the formations grow, the new  
rock folds and curls, creating  
great formations.

## PROGRAM OPTIONS [choose an activity to go with your cave tour]

### Cave tour:

#### KINGS ROW

Experience this section of the cave which was only opened to the public in the last decade and features the second largest and most highly decorated rooms in Colorado! Learn how the caves were formed and about the living caverns system hidden deep inside Iron Mountain. The caverns are home to thousands of formations including soda straws, stalactites, stalagmites, and cave bacon.

**USA Today  
rated  
Glenwood  
Caverns  
"One of  
the Top 10  
Places to Go  
Underground!"**

**Call 970-945-4228 x118  
to reserve your field trip!**

**Program cost:** \$10 per each student or adult (\$8 pre-summer arrivals) for admission, cave tour and one activity. One teacher per classroom is complimentary! Individual ride tickets are \$2.50.

#### NOTE:

Programming and rates apply Monday - Friday only, September - May.

#### AFFORDABLE MEAL PLAN

Ask about our \$6.50 per person meal option when pre-ordered and pre-paid at least 72 hours prior to arrival. (Available for elementary students only)

### Educational activities:

#### GEMSTONE PANNING ACTIVITY

##### GRADES K-6

Discover and learn to identify a variety of precious gemstones. Park staff will guide students as they participate in this interactive gemstone panning activity. Students will take home a bag of gems of their very own and can share what they have learned with family and friends.

#### CAVE SCIENCE ACTIVITY

##### GRADES 7 -12

Learn how caves are formed, cave exploration, and the unique life forms found in caves. Students participating in this lecture will come away with a better understanding of the science and history of this fascinating underground world.

#### ENHANCE YOUR FIELD TRIP

by staying to enjoy some of the park's other attractions. \* **Special half-price school rates apply!**

- ▶ Test your skill with **LASER TAG**
- ▶ Race down the mountain on our **ALPINE COASTER**
- ▶ Soar 1,300 ft. above the Colorado River on the **GIANT SWING**
- ▶ **AND MORE!** Giant maze, climbing wall, shooting gallery

Some rides are open seasonally. Visit [glenwoodcaverns.com](http://glenwoodcaverns.com) for ride availability.

Cave bacon is formed when water drops flow down the ceiling and then evaporate and oxidize.

about the structure of the bat's wings. The bat actually flies with its fingers - the function of the long fingers of the bat is to support and spread its wings. The bat's wing membrane is in its structure to the...
